2 靈活的學習環境

3 個性化評估

AI平台與教學練習室

基於香港教育大學的學校體驗教學視導評核表，利用人工智能算法，提供針對準老師的教學實務及課堂管理技巧支援。

個性化評估與建議

平台會分析用戶的語言和非語言表達，提供個性化的績效評分、全面評估及具體的改進建議，增強職前教師的一對一培訓體驗。

實施階段與反饋

項目分為先鋒測試、平台試驗和發行階段，並通過用戶反饋不斷優化平台功能，確保在實習中為準老師提供實質性的支持和提升。

PERSONALIZED ASSESSMENT

AI PLATFORM AND TEACHING PRACTICE ROOM

AI algorithms are used to support prospective teachers in teaching practice and classroom management, based on EdUHK's school experience teaching evaluation form.

PERSONALIZED ASSESSMENT AND ADVICE

The platform analyzes users' verbal and non-verbal cues, offering personalized ratings, assessments, and improvement suggestions to enhance one-on-one training for pre-service teachers.

IMPLEMENTATION PHASE AND FEEDBACK

The project, running from 9/2023 to 8/2026, continuously optimizes platform functions through multiple tests and user feedback to ensure substantial support and improvement for prospective teachers during internships.
